### Geol 110 - Physical Geology - Mountaintop Removal Mining - In Class Activity

Today in class we will watch a short video about using mountaintop removal mining (MRM) techniques to mine coal in the Appalachians. Based on that video, complete the following exercise. In the left hand column, summarize three arguments in favor of MRM. In the right hand column, summarize three arguments opposed to MRM. Your answers must be clearly written in standard English (including complete sentences!).

<i>Pro MRM</i>	<i>Anti MRM</i>
1.	1.
2.	2.
3.	3.
